OBJECTIVE

A Passionate Computer Science Undergraduate with a strong interest in Data Analyst and Web Application Development . Eager to apply technical skills to innovative and continuously expand knowledge in cutting-edge technologies..

WORK EXPERIENCE

Data Analyst Intern, Technook

Mar 2025 - Present

Analyzing data with Python, SQL, and Excel while creating visualizations using Power BI and Tableau. Conducting EDA, business analysis, and applying machine learning basics to extract insights. Developing data storytelling and reporting skills for effective communication and real-world application.

UI Developer Intern, Pulsus Group

Jun 2025 - Jly 2025

Designed responsive user interfaces using HTML, CSS, Bootstrap, and JavaScript for a seamless cross-device experience. Collaborated with teams to enhance UI, improve performance, and implement interactive features for better engagement. Gained hands-on experience in front-end best practices within the health tech industry.

PROJECTS

Recipe Oasis

Designed and developed a responsive recipe website using HTML, CSS, Bootstrap, and JavaScript. Created an intuitive interface for browsing, searching, and filtering recipes, enhancing UX with interactive recipe cards and ingredient lists.

Hybrid Scheduling

Developed a hybrid CPU scheduling algorithm combining Round Robin and Priority Scheduling. Built the UI with HTML, CSS, and Bootstrap, and implemented scheduling logic in JavaScript. Integrated preemptive execution for efficient task management and used sorting algorithms with time quantum logic to prevent process starvation.

Power BI Report

Created a Power BI report on the dataset, processing data in Power Query to clean and standardize it. Designed bar charts, pie charts, and maps to analyze cuisine distribution and ingredient trends. Used DAX functions for filtering by region, taste, and preparation time, offering insights into regional food preferences.

SKILLS

Technical Languages:	C, CPP, Java
Web Technologies:	HTML, CSS, Bootstrap
Databases:	MySQL
Data Analysis and Visualization:	Power BI

EDUCATION

2022 - Present(2026)	Bachelor of Technology in CSE at SRM University-AP	(GPA: 7.84*)
2022	Higher Secondary School, MPC	(77.5)
2021	Secondary School	(99.7)
